- Progress:
  - The next milestone and the target date:
    - M2 (2/20 - 3/5): Begin rudimentary implementation of game in Flask
  - Action items or the milestone that were completed since the previous meetup:
    - Researched the solutions to the 01 Knapsack Problem, and began to create the game logic in Python
    - No changes committed, as the program is incomplete and a work in progress
